

938D

No water pressure limitation
Size: 690x405x490mm
P–Trap: 180mm
S–Trap: 200–450mm
Rated Voltage: 220v 50hz

Schematic diagram of automatic cover flipping function

FUNCTIONS

- LED screen display
- Inductive cover closing
- nstant hot water temperature
- Water pressure adjustment
- Water source filtration
- Water temperature adjustable
- Night light illumination
- High and low pressure protection
- IPX4 water splash proof
- Flame-retardant seat ring
- Inductive cover lifting
- Cold & hot SPA
- Hip cleaning
- Position adjustment
- Seat occupancy induction
- Air temperature adjustable
- Silent slow descent
- One-key knob
- Power-off flushing
- Foot-sensing seat lifting
- Men's recognition flushing
- Feminine cleaning
- Nozzle self-cleaning
- Seat-activated bowl wetting
- utomatic deodorization
- Wireless remote control
- Seat temperature adjustable
- Flush when leaving the seat
- Leakage protection
- Massage cleaning
- Mobile cleaning
- Nozzle antibacterial
- Seat heating
- Warm air drying
- Power-on self-test
- Intelligent power saving
- Dry heating protection
